

Eagle Technology nominated and shortlisted in CFI.co award

Friday 19th of June, 2020

Eagle Technology AS have received information that our company is nominated and shortlisted in the category "Best Sustainable Technology Value Creation - Europe 2020". According to [CFI.co](https://www.cfi.co) there are ten companies nominated in this category and the winner will be presented summer 2020.

Please read information below about the nomination from [CFI.co](https://www.cfi.co)

Nominee: **Eagle Technology AS**

Award : **Best Sustainable Technology Value Creation - Europe 2020**

Awards criteria

The CFI.co award selection panel is using a wide range of criteria to help inform decisions regarding the awards, lending the critical eye of a collective 170 years of business journalism, corporate leadership and academia to the exhaustive information gathered by the award body's own research team. Some of the more important factors taken into consideration are as follows:

- Local relevance
- Cost effectiveness
- Innovation
- Environmental impact
- Energy efficiency
- Human capital development
- Transfer of expertise and technology
- Response to compelling, urgent and emergency needs
- Scalability
- Corporate social responsibility
- Community empowerment and development
- Relevance to millennium goals
- Impact on economic convergence
- Strength of nominations

About [CFI.co](https://www.cfi.co) provides insight into some of the more complex areas of international finance and development issues both in print and online, with a particular emphasis on identifying examples and drivers of economic convergence.

We are very proud to be nominated and shortlisted by the CFI.co which is one of the most prestigious institutes in the world for innovative business development.

Looking forward to the next upcoming weeks which includes further interviews and evaluation of the company by the CFI.co panel and committee.
